- 3. The Wetland Review Board has made the following findings as required by Section 13:
 - (i) The proposed activity is in the public interest, is lawful, and is a reasonable use of property involved because _____
 - (ii) The benefit that reasonably may be expected to accrue from the proposed activity exceeds the reasonably foreseeable detriments of the activity because _____
 - (iii) The proposed activity will not result in an unacceptable disruption or degradation of _____ wetlands because _____
 - (iv) The proposed activity has been determined to be necessary by other governmental agencies.
 - (v) The amount and quality of wetland remaining in the general area and proximity will not be severely impacted by the proposed activity.
 - (vi) The proposed activity shall not result in an unacceptable disruption or degradation of the wetland or the aquatic life dependent thereon or associated therewith.
 - (vii) The proposed use or activity is primarily dependent upon being located in the wetland because _____
 - (viii) A feasible and prudent alternative to the proposed activity does not exist because _____

4. After reviewing the application thoroughly, the Wetlands Review Board hereby grants, based on the permit holder's adherence to Township requirements, a permit to conduct the following activity:

5. Authority granted by this permit is subject to the following conditions and limitations:
- (i) Initiation of any work on the permitted project confirms that permit holder's acceptance and agreement to comply with all terms and conditions of this permit.
 - (ii) The permit holder is exercising the authority granted by this permit, shall not cause unlawful pollution or damage to the environment.

GRATTAN TOWNSHIP WETLANDS PERMIT APPLICATION...continued

- (iii) The permit shall be kept at the site of the work and available for inspection at all times during the duration of the project, or until its date of expiration.
- (iv) All work shall be completed in accordance with the plans and specifications approved by the Township Wetland Review Board on the date this permit was granted, including all required changes, modifications and deletions.
- (v) No attempt shall be made by the permit holder to forbid the full and free use by the public of public waters at or adjacent to the structure or work approved herein.
- (vi) This permit does not convey property rights in either real estate or material, nor does it authorize any injury to private property or invasion of public or private rights, nor does it waive the necessity of seeking a federal assent, all other required township and county permits, or complying with all applicable state statutes.
- (vii) If a performance bond or letter of credit is required, it shall be submitted prior to the commencement of work and its content must be reviewed and approved by the Township's legal counsel.
- (viii) This permit is subject to the required inspections by the Township at the appropriate stages of construction or installation. The permit holder must notify the Township as such time as specified stages of construction or installation are ready for inspection. No subsequent stages of construction shall be commenced until after the Township approves the previous stage. Such inspection must also include final inspection and approval by the Township.
- (ix) Failure to comply with the conditions of this permit may subject the permit holder to revocation of the permit, stop work orders, civil infraction penalties and other enforcement measures authorized by law.
- (x) This permit does not constitute permission to develop the subject property other than in accordance with all relevant building and zoning requirements.
- (xi) Work done under the authority of this permit is further subject to the following special instructions, specifications and conditions:
